ACCREDITATION

Our production facilities have been approved by the SMETA 4 pillar audit, meeting standards in health and safety, labour, environmental and business ethics.

We work closely with the industry association SEDEX to share our data to empower responsible supply chains.

CERTIFIED PRODUCTS

Please Note

Products carrying company names or trademarks shown in our catalogue do not necessarily imply that the products have been supplied to or endorsed by the owner of the trademarks, but are meant to be representative of the effect that can be achieved by the creative personalising of merchandise. We endeavour to represent our products as best as possible in the images of, them, however the actual product may vary slightly from the image and size shown. Please always ask for a sample before placing an order.

AHH! THAT'S BETTER

RELIEF IS AT HAND

Using stress balls releases tension and, in turn, helps to relieve stress and anxiety.

In addition to the mental benefits, stress balls also boost blood circulation and help with the treatment of carpal-tunnel syndrome and arthritis, plus they are also used as a tool for meditation.
